Experience

Social Titli (Currently)
Thane Hiranadani Estate
Date of Internship : 12/04/24

- Developed and maintained web applications using HTML, CSS, and JavaScript.
- Built dynamic and responsive user interfaces with React and Tailwind CSS.
- Implemented backend services and APIs using Node.js and Express.js.
- Managed and manipulated data using MongoDB.
- Collaborated with cross-functional teams to design, develop, and deploy new features.
- Utilized version control systems like Git for code management and collaboration.
- Debugged and resolved issues to ensure smooth performance of applications.

Skills

- Frontend: React, Css ,Tailwind
- Backend: Node Js, Express Js
- Database: Mongo Db , MySql
- Web: Html, Java script,
- Others: C, C++, C# with unity

Projects

- ### Finance Tracker (Mern,Tailwind)

Created MERN-based finance tracker optimizing financial management. Tracks expenses, predicts future costs, and offers tailored insurance options. Enhances financial well-being through data-driven insights and comprehensive tools for effective financial management.

- ### Room Rental Website (MERN, Tailwind)

I developed the React component of a MERN stack room rental website similar to Airbnb. The site allows users to list their apartments for rent and book rentals. It offers a seamless interface for managing listings, searching for properties, and handling reservations.

- ### Spotify clone (Html,Css,Js)

Developed a Spotify clone using HTML, CSS, and JS for seamless music discovery and downloads. Offers diverse artist and genre selection, ensuring a user-friendly experience akin to the original platform.

- ### UI/UX design Website (Html,Css,Js)

Crafted "Namaste India," an award-winning website showcasing India's rich heritage and culture. Its stunning design and visual effects secured first place in a prestigious competition, reflecting a passion for creativity and technology integration.
